

Products

Automotive:

Automotive Diagnostics
Manufacturing Test

Cables:

USB Active
USB Passive
Ethernet
Serial

Components

Capacitors
Crystals
Integrated Circuits
Capacitive Touch
Ethernet
FATfile Chips
SD/SDIO
UART
USB
Programmiers
Motors
Sensors
Ambient
Color
Electric
Torque
SMD Adapters
Storage
Switches
Surge Protection

Converters:

CANbus
Ethernet-to-Serial
I/O-to-Serial
Serial-to-Serial
DB9
DB9 Isolated
DINrail
USB-to-Serial
Wireless

Data Loggers:

Battery
CANbus
Current
Data Logger Accessories
GPS
Power
Shock & Vibration
Temperature/Humidity
PC-Based
Standalone
Wireless
Voltage
Web-Based
Wireless

Displays:

Large LCD
Meters
Small LCD

Embedded:

.NET Micro Framework
Audio
CANbus
Controllers
Boards
Embedded Computers
Enclosed
Wireless
Embedded Test
Ethernet
Boards
Components
Enclosed
PoE
FAT File
FPGA
I/O
I2C
Modems
Motor Control
Programmiers

Embedded con't:

SMD Adapters
SPI
Storage
Training/Education
USB
Video
VME
Web Servers

Industrial PCs:

Boxed PCs
CANbus
Controllers
Panel PCs

Software:

Engineering Software
Graphics Software

Test Equipment:

Oscilloscopes
Benchtop
Handheld
PC-Based
Waveform Generators
Arbitrary
Function
Pattern
Pulse
RF
Signal
Bundles
EMC/EMI
Analyzers
I2C
Logic
Power
SD
Spectrum
SPI
USB
Power Supplies

Test Equipment con't:

Instrumentation
Counters
Panel Meters
Load/Strain
DM Multimeters
Ammeter
RF
Battery

Video:

Video/Camera

Wireless:

2.4 GHz
433 MHz
915 MHz
Antennas
Audio/Video
Bluetooth
Connectors
Data Loggers
M2M/Vehicle
Test
Data Loggers
Signal Generators
Spectrum Analyzers
WiFi

Miscellaneous:

Barcode
Digital Audio/DSP Filters
Education
LED Drivers
Motor Control
Robotics

Saelig Company Inc

1160-D2 Pittsford-Victor Rd

Pittsford, NY 14534

Tel: 585-385-1750

Email: sales@saelig.com

Web: www.saelig.com

Manufacturers

Aaronia - Low cost handheld RF spectrum analyzers
 Abacom - Easy-to-use electronics design and control software
 Active Robots - Wireless & motor control boards, robotic supplies
 Adeunis - OEM wireless modules and ready-to-use RF modems
 AimTTi - Test equipment: counters/spectrum analyzers/prog. DC loads
 Airwave Tech - Compact audio/video transmitters/receivers
 Alphatemp Tech - Temperature monitoring, control and sensing
 Ampicon - Industrial, medical, military computers and data comm.
 AnaPico - Low phase noise, portable RF signal generators to 6 GHz
 AnyDWG - Software for data-exchange between CAD files
 Array - Controllers, instrumentation, power supplies & electronic loads
 Atmel/Quantum - Capacitive touch-sensing ICs
 Barich - SD card interface boards and ICs
 Byte Paradigm - PC-based instruments for embed. sys test & debug
 Calibre - I2C-Bus comm. adapters, professional image processing
 Canmax - CCD and laser barcode scanners
 Chesen Electronics - USB On-The-Go ICs
 Chronologic - Synchronized USB2.0 data acquisition and oscilloscopes
 Cleverscope - PC-hosted, USB/Ethernet scopes/logic analyzers
 Code Mercenaries - USB I/O controller ICs that need no drivers
 Comfile Technology - Ind. ctrl modules, PLCs & Touchpanel PCs
 Compulogic - Internet-based remote monitoring, control
 Conitec - Universal device programmers
 Cosview - Economical USB microscopes
 CP-Log - Voltage, current, pressure, counting & timing data loggers
 Dataman - Universal IC programmers
 Demmel Products - Intelligent LCDs for reduced dev. time & cost
 Devasys - USB-to-I2C and I/O boards for easy I2C access
 Digital Shortcut - Low-cost, versatile, networked dev platforms
 DLP Design - FTDI-based USB modules
 EAD - Innovative multiband antennas
 EarthLCD - Easy-to-use touchscreen LCDs
 Elan Digital - USB test inst: Oscilloscope/Counter/Wvfrm/Pulse Gen.
 Elexol - Ethernet I/O and USB I/O modules
 Ellisys - Protocol analysis tools for USB
 EmbedRF - Wireless modules for ultra low-power applications
 EMXYS - Embedded Bluetooth data acquisition & control boards
 Euroquartz - Quartz crystals, resonators, oscillators
 Fametech - Ethernet-serial cables and USB Barcode readers
 Fiveco - Ethernet-I2C, Ethernet-I/O, & Motion Control products
 FTDI - USB ICs, royalty-free USB drivers, Vinculum USB host/slave ICs
 Gabotronics - World's smallest mixed signal oscilloscope
 Gemini Data Loggers - Portable data loggers
 GHI Electronics - FATfile ICs & modules, .NET Micro Framework boards
 GS Instruments - Economical PC oscilloscope adapters
 IHR Automotive - Automotive test equip/CAN/LIN/Most/Flexray
 IKA Logic - PC-based logic analyzer, signal generator & serial decoder
 iP Solutions - Machine-to-machine A/D wireless boards - 1-mile range

IRAI - Engineering software for controlling PLCs, SCADA
 Ix Innovations - Low current measurement equipment
 Janz Tec- Industrial automation, CANbus systems
 JRKerr - PIC-based motion control ICs and boards
 KK Systems - RS232/422/485 comm adapters/isolators/converters
 Klaric - Precision automotive loggers for current/voltage/temp
 Lascar Electronics - USB data loggers - temp/humidity/voltage
 LaPlace Inst - Multi-channel elec system dataloggers, EMI instrumentation
 LCR Capacitors - Capacitors for non-standard apps: (inc. polystyrene)
 Link Instruments - High-speed portable, PC mixed-signal scopes
 Lorlin Electronics - Rotary/key and pushbutton switches
 LPRS - Radio transceivers for low-power, serial transmission
 LSMtron - High-reliability ultracapacitors for energy storage
 Manatronics - DC load banks, battery discharge-curve dataloggers
 Meilhaus - USB oscilloscope/dataloggers
 Modulestek - GPS modules and antennas
 MQP - Unbeatable USB development analyzers and generators
 MSR Electronics - USB-connected multiparameter & vibration loggers
 Omega Research - SMD prototyping adapters for most package sizes
 Oscium - World's first mixed signal scope for iPod touch/iPhone/iPad
 Owon - Affordable, benchtop and handheld oscilloscopes
 Plessey Semiconductors - EPIC electric potential sensors, CMOS ICs
 Pico Technology - PC-based o-scopes & data acquisition, auto. test
 PoLabs - USB-connected PC-based test instruments, USB I/O boards
 ProAnt - Custom and standard portable antennas
 Prolific - USB-serial ICs, storage interface, multimedia, GPS, etc
 Ramsey Electronics - Benchtop metal EMI test enclosures
 Rigol Technologies - Digital O-scopes, ARB Gen, Digital Multimeters
 Scanner Master - Telescopic portable antennas
 SEC Industrial Battery - Innovative modular solar panel lighting system
 Select Fabricators - Portable EMI test enclosure tents
 Sensor Technology - TorqSense & optical rotary torque measurement
 Sicube - C429-RS232 serial camera modules
 Siglent - High quality digital storage oscilloscopes
 Signal Wizard Systems - Integrated DSP and audio filters
 SYSCOMP - Low-cost PC-based 7-function scope/test instrument
 SystemBase - USB-serial cables, multi output conv, QuadUART ICs
 T&D Corporation - Wireless/networked loggers - ambient and voltage
 Tabor - High-end signal generators and RF amplifiers
 TEK Industries - Unique Power-over-Ether boards
 UPSI - Interchangeable ambient sensors and modules
 Wilke - Basic-programmable controller modules and displays
 WiTree - USB-serial converter cables and modules
 Wiznet - Hardware-TCP/IP-offload ICs modules
