

news & updates July 2026 | Issue 26

In this issue:

RIGOL & Saelig **Promotional Offers on Select Instruments**

The banner displays seven electronic instruments on black cylindrical pedestals, each illuminated by a spotlight. From left to right, the instruments are:

- RSAS000 Real-Time Spectrum Analyzer**
- RSAS000 Real-Time Spectrum Analyzer**
- DS80000 Digital Oscilloscope**
- DH05000 Digital Oscilloscope**
- MH05000 Digital Oscilloscope**
- DG70000 Digital Oscilloscope**
- DP200 DC Power Supply**

CEO's Corner

RIGOL/Saelig Promotion Begins July 1, 2026

Save 50% on Options for Select RIGOL Instruments at Saelig. Founded in 1998, RIGOL has grown into a global leader in electronic test and measurement, offering advanced oscilloscopes, spectrum analyzers, waveform generators, power supplies, and other essential instruments for engineers, educators, researchers, and manufacturers.

Saelig Company Inc., a distributor of a wide variety of electronic test equipment since 1988, has proudly served as an authorized RIGOL distributor since 2007, helping customers select high-performance instruments backed by knowledgeable technical support.

Alan Lowne
CEO, Saelig Company Inc.

Online Orders Over \$99
Free ground shipping with most orders of \$99 or more!

21 founded Saelig in 1988 to search the world for unique electronic control and instrumentation equipment including economical oscilloscopes, PC and RF spectrum analyzers, USB and logic analyzers, EMC, pure RF sources, DMM, data loggers, GPI and GPI controllers, PCB test, high-voltage industrial panel, EMC enclosures, USB and converter cables, etc.

Our satisfied customers include Intel, Apple, Philips, Matsushita, NEC, TI, Harris, Sony, HP, General Dynamics, Raytheon, Guernsey, many other Fortune 500 companies, military, industrial, educational institutions, hospitals, individual end-users, students, hobbyists, etc.

Offers Free Shipping!*

*Free ground shipping with most orders of \$99 or more!
(U.S. domestic orders only, AK, HI and some products excluded)

Beginning July 1, 2026, Saelig and RIGOL are pleased to offer a limited-time promotion for select RIGOL instruments.

Customers purchasing qualifying RIGOL products can receive 50% off available options or a free upgrade for the power supply below, making this an excellent opportunity to expand capability while reducing total system cost. These deals are NOT available on our website but are available to our Newsletter customers. You can either make your complete purchase by calling 585-385-1750 ext. 1 and asking for the product and options you choose, or order the product at our website and call for the option deal to be added.

See the instruments and savings below:

Spectrum Analyzers

RIGOL RSA5000 Series Real-Time Spectrum Analyzer — 50% off options

These spectrum analyzers include five "N" versions which offer vector network analysis up to 6.5GHz. Built on Rigol's Ultra Real platform, these VNAs offer S11 and S21 reflection and transmission analysis.

Starting at **\$5,099**

Click [Here](#) for the options available for the RSA5000

RIGOL RSA6000 Series Real-Time Spectrum Analyzer — 50% off options

These spectrum analyzers are compact, powerful instruments, built for modern RF challenges with 5-in-1 capability (GPSA, RTSA, VSA, EMI, ADM). 5kHz – 26.5GHz frequency range, 200MHz real-time bandwidth with ultra-fast sweep.

Starting at **\$14,099**

Oscilloscopes

RIGOL DS80000 Series Digital Oscilloscope — 50% off options

This series of high-bandwidth real-time digital oscilloscopes, are the 8th generation of Rigol oscilloscopes. All of the 6/8/10/13 GHz analog bandwidth models provide powerful high-speed signal analysis.

Starting at **\$70,799**

Click [Here](#) for the options available for the DS80000

RIGOL DHO5000 Series Digital Oscilloscope — 50% off options

This series of 4/6/8-channel high-resolution digital oscilloscope series is based on Rigol's new proprietary Centaurus technical platform. 500MHz and 1GHz models are available in this series.

Starting at **\$7,499**

Click [Here](#) for the options available for the DHO5000

RIGOL MHO5000 Series Digital Oscilloscope — 50% off options

This 4/6/8-channel high-resolution digital oscilloscope series is based on Rigol's new proprietary Centaurus technical platform. 500MHz and 1GHz models are available in this series. It has a 1,000,000wfms/s waveform capture rate, and is available with up to 500Mpt memory depth.

Starting at **\$5,599**

Click [Here](#) for the options available for the MHO5000

Arbitrary Waveform Generator

RIGOL DG70000 Series Arbitrary Waveform Generator — 50% off options

This series is a high-performance arbitrary waveform generator offering banner specifications that include 12 GSa/s sampling rate (interpolated), 5 GHz analog bandwidth, and 1.5 Gpts/CH (or 4 Gpts single channel) waveform length.

Request a quote

DC Power Supply

RIGOL DP2000 Series Power Supply — Free 10A or HADC option

This 3-Channel Linear DC Supply offers three electrically-isolated independent channels with a maximum total power of 222 W (32 V/3 A || 32 V/3 A || 6 V/5 A (10 A option). It comes with a new low-current microAmp range and an arbitrary mode with dwell time down to 1 millisecond.

\$1,199

Contact Saelig today to learn more about this promotion and choose the RIGOL instrument and options that best fit your application.
